NOTE: Installation for the round version is shown. Installation for the square version is the same.

1 Secure the mounting plate to the junction box with the provided #8-32 screws.

2 Connect the fixture to a suitable ground in accordance to local electrical codes.

3 Connect the white fixture wire to the neutral power line wire with a wire nut.

4 Connect the black fixture wire to the hot power line wire with a wire nut.

5 Neatly tuck all wires and wire nut connections into the junction box, then carefully push the fixture's spring clips into the mounting plate until they snap into place. **Ensure no wires become pinched.**

6 For wet locations, caulk around the base of the fixture with waterproof constructions sealant.
